Sire

W. J. Harrison was interviewed by Lieutenants C. C. Wallace and P. G. McCaghren at 12 noon on Novamber 29, 1965. The interview was essentially the same as his original report dated Hovember 27, 1963. The following was added by W. J. Harrison:

I was assigned to the basement of the City Hall by Captain Martin. I was there approximately 10 minutes before the prisioner owneld was blooght out onto the ramp. For that I took up a post between the voet wall of the disk was to the ramp. Be I recall; the television telegists were to put and there was a reporter with a mike, who is might approximate of the choosing, standing to up right. As moved and the secorts came out on the ramp, Jack Ruby, who I have haven for several years lemed past me on up left side and was pulling him at the time. I immediately recognized him and shouted, "Zack," I tried to grab him as he passed me.

Ruby was not in the crowd prior to this time.

As the chooting was over, I held Ruby down while another officer searched him. I believe this man was Captain Ring. I recall Ruby saying, "Tou all know me, I'm Jack Ruby." One officer asked him why he did it, and he answered, "I hope I killed the S. O. B."

Ruby was taken to the jail office and then placed on the jail elewator which was run by Officer Lewis. Captain King, Myself, and another officer, I do not recall who, took the prisioner to the \$3 floor. I recall Ruby stating on the elevator, "Bo you think P'm going to let the man who shot our President get away with it?"

I have previously talked to the Federal Bureau of Investigation regarding this matter.

Respectfully submitted,

C.C. Trailace, Lieutenant Juvenile Bureau

P. G. McCaghren, Lieutenant Burglary & Theft Bureau
